Are you attending the Lyric Airdome on the south side of the square each night? If you are not you are missing many hours of pleasant entertainment. There is no other place in this vicinity where a more pleasant evening may be spent than in this open-air picture show where it is delightfully cool and pleasant entertainment is given in the very highest class of moving pictures.

The Falcon is hereby repeating its annual offer for the first cotton bloom which is pulled from a cotton field in Fayette county. Last year the first bloom which was brought to this office came from a volunteer stalk in a garden and hence could not be accepted on our offer. We will give a year's subscription to The Falcon for the first bloom pulled from a Fayette county cotton field and sent to this office.

The democratic committee of this county met at the court house Wednesday afternoon and ordered a legislative primary election on August 4, the date of the regular election, to nominate a candidate for representative in the sixtieth General Assembly of Tennessee, and to elect a committeeman for each district to serve the next two years. The full resolutions will be published next week.

LINIMENT

Mrs. J. W. Matthews has had as her guests this week Mrs. Addie Zellner of Brownsville and Miss Minnie Rice of Lauderdale county.

Miss Van Dusen Murrell is the name given to the little Miss who came this week to make her home with Mr. and Mrs. Jeff Murrell at their country place in the eighth district near Oakland.

Recent rains in the county have been very spotted. North of Somerville rain is badly needed, farmers tell us, while to the south and west rains have been frequent and heavy and for a good part of this week much land has been too wet to plow. In the vicinity of Somerville, seasons have been very favorable, neither too much or too little rains, the just now (Thursday) a good rain would be a benefit to local gardens and field crops.

It has been decided by the management of Joyner's Camp Ground to hold the annual camp meeting at that place, beginning on Thursday, July 20. Rev. H. C. Morrison of Kentucky will do most of the preaching this year and the singing will be under the direction of G. P. Thomas of New Albany, Mississippi. Indications at the close of the

meeting last year and since that time have pointed to a big increase in attendance and in interest in the meeting for this year.

Prof. W. R. Seay, supervisor of club work in the county schools was in Somerville Monday and informs The Falcon that he is arranging for special club prizes to be offered at the October fair to members of the corn clubs, pig clubs and poultry clubs. For the corn clubs the special prizes will be for the best ten ears of corn \$10, second best ten ears \$5, third \$2 and fourth \$1. He is not quite ready to announce the amounts for the poultry and pig club prizes but assures us that they will be arranged and announced in the fair catalog now being prepared.

W. C. Patton who announced some time ago as a candidate for attorney-general of this judicial circuit withdrew from the race last week and will give his support in the race to Hon. C. A. Stainback of this county. As friends of the latter in this county see it, the withdrawal of Mr. Patton makes certain the election of Mr. Stainback if his friends will just manifest interest enough to go to the polls tomorrow, Saturday, and cast their votes. His greatest danger is in voters staying away from the polls. Fayette countians should feel a pride in giving him a tremendous majority here and should go to the polls. His splendid ability give sample warrant for a unanimous support for him in this county.

A new apportionment of the state highway fund about which The Falcon has had mention several times recently was made a few days ago and shows Fayette county's share of this fund to be \$746.96. Explanation is made that the distribution includes funds collected up to May 10 and funds collected since that

date are not included. It can be said in this connection that the contract which was sent here this week from the state highway department for Chairman W. G. Shelton of the county court to affix his signature had in it the clause which requires the county to spend a sum of money equal to that to be spent by the state highway department and on the same road as that selected by the department and vouchers to be sent to the department just as for funds spent by the department. In other words, in spite of the agreement made by J. J. Murray, secretary of the state highway commission and Senator Nelson, one of its members, that department has sent a contract here for the chairman's signature which contains this clause which he told them when they were here he would not agree to and which they promised to strike from the contract with this county. It looks mightily like they are trying to force the agreement on this county to furnish to them a sum equal to that which already belongs to this county under the highway act. They have no right under the law to make such requirement and agreed that they would not, but it is in the contract and for that reason Chairman Shelton is returning it to Nashville unsigned by him, as he should do and as nine tenths of this county would have him do.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by HALL'S CATARRH CURE. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

CALOMEL SALIVATES AND MAKES YOU SICK

Acts like dynamite on a sluggish liver and you lose a day's work.

There's no reason why a person should take sickening, salivating calomel when 60 cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid, which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, singleness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

There Is No Art in Taking Medicine.

Just follow directions on every bottle of "Plantation" Chill Tonic and see how quickly those dreadful chills will leave you. It leaves the liver in healthy condition and yet contains no Calomel. Price 50c. adv. 7-1
